AAP Subscription Guide for Institutions
Trusted Resources and Solutions from the Leading Publisher in Pediatrics
AAP eJournal Collection

SAVE 25%: All 6 professional and academic resources in one comprehensive collection!

The American Academy of Pediatrics (AAP) publishes journals that have a profound effect on the delivery of health care to children worldwide. In 2018, more than 13 million people viewed journals content on the AAP News & Journals Gateway.

With the AAP eJournal Collection, your institution's need for original research, concise commentary, clinical reviews, and the latest news is covered! Our eJournal collection provides your patrons with a comprehensive site license to 6 journals and periodicals and their eArchives at no additional charge.

▶ Email institutions@aap.org to subscribe today!

Pediatrics Supplements

Publish your institution's original research as a Pediatrics Supplement—a prestigious opportunity for citation. It's also a great way to publish updates from conferences or work groups in a single volume.

Print supplements mail with regular issues of Pediatrics to 70,000+ members and subscribers and are posted online at pediatrics.org. Pediatrics Supplements are peer-reviewed and indexed in major databases including PubMed.

▶ Note: Authors must present a proposal to Pediatrics for consideration, including funding sources.

New! Pediatric Collections

A new series of curated health topics available in print or eBook formats, featuring highly cited, full-text impact articles extracted from more than 40,000 published articles from our authoritative journals.

▶ Special rates for volume and bulk purchases at shop.aap.org/collections
Pediatrics® is the official journal of the American Academy of Pediatrics and the world’s leading pediatrics resource. Pediatrics is the most-cited journal in pediatric medicine, and it is among the top 100 most-cited journals in all of science and medicine. It provides the authoritative information your patrons need to stay current with original, peer-reviewed research and evidence-based articles; conduct new research studies; further education and training; and enhance pediatric patient care.

**Journal Features**
- Original, peer-reviewed research articles
- Pediatrics perspectives and commentaries
- Quality reports and case reports
- State-of-the-art review articles
- **New!** Advocacy case studies and family partnership articles
